

Most insurance carriers, including Aetna, ceased issuing plastic ID cards several years ago.

You can view and print your Aetna ID card from the ID card page. To get started:

1. Go to www.aetna.com
2. Register for the Aetna Navigator site, if you have not already done so.
3. On your personalized member page, select a member name and card type from the drop-down menus
4. Then click, "View/Print Card"

You can also view your ID card using the Aetna Mobile app for iPhone and Android devices. To find out more visit aetna.com/mobile

If you have lost your ID card and need to provide it for care, you can display your card using an electronic device such as your cellphone. You can also show your provider a printed copy.
