Executive Profile

Safely Delivering the U.S. Department of Energy's Vision for the East Tennessee Technology Park Mission

Chief Financial Officer

Bobby Atkinson

Bobby Atkinson is UCOR's Chief Financial Officer, overseeing Finance and Accounting. He has 38 years of AECOM legacy experience in Finance and Accounting for major projects.

Bobby began his career in the commercial engineering and construction sector and worked for 25 years at Rust Engineering Company/Rust Constructors. He began as a Cost Accountant and progressed to be a Project Controller responsible for multiple large projects for Fortune 500 companies.

He then became a Senior Business Manager for Westinghouse Anniston, a \$2 billion Chemical Demilitarization Project for the Department of Defense. At Westinghouse Anniston, he was responsible for Finance, Accounting, IT, Procurement, Property, and Subcontracts.

Prior to joining UCOR, Bobby served as Chief Financial Officer for Washington Closure Hanford, LLC in Richland, Washington. He was responsible for Finance and Accounting and helped set the path for the accelerated closeout of the \$3 billion project.

He and his wife, Martha, have one son, who lives in Jackson, Tennessee.
