

I-11 Appendix C Operating Instructions

Appendix C is a compilation of areas of concern (AOCs) to be addressed by U.S. Department of Energy (DOE) under the Federal Facility Agreement (FFA). DOE will submit a listing of AOC additions and deletions annually to the Tennessee Department of Environment and Conservation (TDEC) and the Environmental Protection Agency (EPA) by October 1 for review and approval.

Once the annually submitted AOC changes are approved, the Appendix C AOC listing will be updated to reflect the approved changes and with decision document type/date information updated for the individual AOCs.

A listing of all approved decisions (including approved CERCLA 120(h) Clean Parcel Determinations and Covenant Deferral Requests) is contained at the front of Appendix C to assist in tracking the AOCs to the appropriate Administrative Record(s). This list will be updated automatically upon the approval of a CERCLA decision
