

2015 Pollution Prevention and Waste Minimization Recognition

 2015 UCOR Pollution Prevention and Waste Minimization Recognition

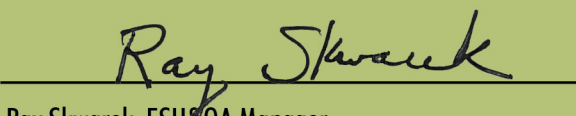

Cradle to Cradle

Presented to UCOR D&D Group

For The reuse of approximately 1,100 yd³ of concrete and 1,100 tons of rock from K-31 D&D Project activities as fill material, resulting in a cost savings of \$89,000

Caroline Barber, UCOR Pollution Prevention Coordinator

 UCOR
URS | CH2M
Oak Ridge LLC

Ray Skwarek, ESH&QA Manager

 2015 UCOR Pollution Prevention and Waste Minimization Recognition

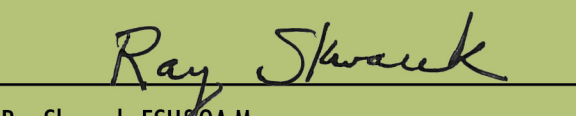

Cradle to Cradle

Presented to EMWMF Project

For The chemical conditioning of contact water to chemically reduce hexavalent chromium to trivalent chromium, which avoided the shipment and treatment of approximately 8 million gallons of water and saved \$3.2 million over the last year

Caroline Barber, UCOR Pollution Prevention Coordinator

 UCOR
URS | CH2M
Oak Ridge LLC

Ray Skwarek, ESH&QA Manager

 2015 UCOR Pollution Prevention and Waste Minimization Recognition

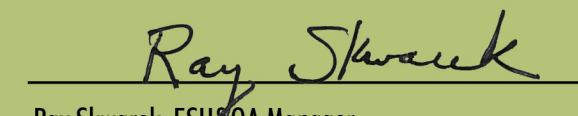

Cradle to Cradle

Presented to K-1007 Local Safety Improvement Team

For The transfer of approximately \$50,000 in office supplies taken to ORNL Property Sales through the building cleanout of unused office items

Caroline Barber, UCOR Pollution Prevention Coordinator

 UCOR
URS | CH2M
Oak Ridge LLC

Ray Skwarek, ESH&QA Manager

 2015 UCOR Pollution Prevention and Waste Minimization Recognition

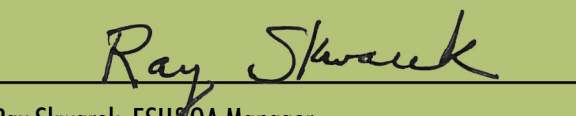

Cradle to Cradle

Presented to Nuclear and High Hazard Operations Projects at ORNL and Y-12

For The recycling of 400 yd³ of clean soil saving \$2,000 at Y-12 and recycling of 20 yd³ of unused metal pipe and other supplies, saving an additional \$4,000

Caroline Barber, UCOR Pollution Prevention Coordinator

 UCOR
URS | CH2M
Oak Ridge LLC

Ray Skwarek, ESH&QA Manager

 2015 UCOR Pollution Prevention and Waste Minimization Recognition

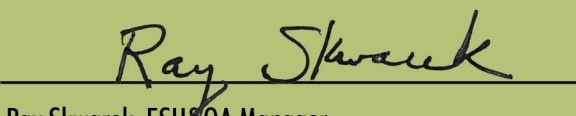

Cradle to Cradle

Presented to Property Management Organization

For The reuse of 307 items through the GSA property reuse program, which has resulted in the preservation of landfill space and cost savings throughout the federal complex through the avoidance of new purchases

Caroline Barber, UCOR Pollution Prevention Coordinator

 UCOR
URS | CH2M
Oak Ridge LLC

Ray Skwarek, ESH&QA Manager

 2015 UCOR Pollution Prevention and Waste Minimization Recognition

Community Collaboration and Engagement

Presented to Reindustrialization Organization and the Power Integration Group

For The construction of a 1 Megawatt solar farm through the cooperative efforts of UCOR, the City of Oak Ridge, and the Community Reuse Organization of East Tennessee; this project provides renewable energy and supports ETPP reindustrialization as well as community outreach

Caroline Barber, UCOR Pollution Prevention Coordinator
