

# Reporting Fraud, Waste and Abuse

UCOR is committed to maintaining the highest standard of business conducts and ethics. UCOR and subcontractor employees are encouraged and expected to report concerns involving fraud, waste, or abuse. An independent, anonymous, and confidential reporting process was established to receive these concerns when members of the workforce prefer not to go to their supervisors.

If you suspect fraud, waste, or abuse has been committed, or have concerns regarding ethics, corruption, criminal acts, or mismanagement of DOE programs, operations, facilities, or contracts, call:

## UCOR Hotline

**(865) 241-0933 or (888) 584-8328**

## DOE Inspector General Hotline
